

31 July 2018

REACH

REACH (Registration, Evaluation, Authorization and Restriction of Chemicals) is a European Union Commission (EUC) Regulation on chemicals and their safe use (EC 1907/2006) entered into force on 01 June, 2007 and will be phased in until 2018.

CTS Ceramics Czech Republic s.r.o. supports the basic aim of REACH in improving the protection of human health and environment through the better and earlier identification of intrinsic properties of chemical substances. CTS Ceramics Czech Republic s.r.o. meets all applicable REACH requirements and is committed to provide our customers with information about substances in its products as required.

Piezoceramic powders

Piezoceramic powders are subject to REACH according to Article 31 and Annex II of Regulation (EC) No 1907/2006 (REACH) and Regulation No 1272/2008 (CLP)

Identification of the substance/mixture: Lead zirconate titanate

Other designation of the mixture (trade name): Piezoceramic material, electrotechnical product, lead titanium zirconium oxide, PZT

REACH Registration No.: 01-2119615559-31-0001

Purpose of the use the mixture (preparation) is to be used exclusively for professional purposes in the electrotechnical industry as an intermediate good.

This registration entitles CTS Ceramics Czech Republic s.r.o. to manufacture/import this substance or use it in the production of articles.

Piezoceramic components

Piezo components from CTS Ceramics Czech Republic s.r.o. contain more than 0.1% lead zirconate titanate (PZT, CAS no. 12626-81-2), which is listed as a SVHC-substance and on the EU's candidate list in Annex XIV for REACH.

CTS Ceramics Czech Republic s.r.o. undertakes due diligence to assure, that metals used in items are not sourced from mines in areas of conflict which are controlled by non-governmental military groups or unlawful military factions.
